

BENITO

-Street Lighting

Andorra la Vella (Andorra)

Andorra la Vella installs BENITO LED lighting on a stretch of the riverbank, creating environmentally friendly lighting, improving the visibility of the area and bringing a sense of vitality to the river.

Milan M
ALM

In an effort to improve visibility and respect the natural environment, Andorra la Vella has decided to install BENITO LED lighting on a stretch of the riverbank. This new lighting will not only improve the safety of the area but will also bring a sense of vitality to the river.

LED technology is known for its energy efficiency and ability to reduce light pollution, making it an excellent choice for outdoor lighting projects. Furthermore, BENITO's design ensures a uniform and glare-free lighting, which creates a pleasant and welcoming atmosphere.

In short, the installation of BENITO LED lighting in Andorra la Vella is a great step towards sustainability and improving the environment.
