JKSP20000 	Curvo Swings for children made of different materials such as wood and steel. Resistant to abrasion, corrosion and bad weather conditions. Data Sheet Certificate Certificate Conformity

Product	Description
JROK03 	Roko 3 Bouldering is a form of climbing that consists of climbing small walls, without the need for protective materials such as ropes or harnesses. With the ROKO modular elements we managed to turn this sport into a game and bring it to urban spaces. This line, characterised by its giant geometric shapes, is produced with high-quality materials that provide socialisation and climbing spaces for older children and teenagers. A game option with different levels of height to find different challenges depending on one's skills. Data Sheet Certificate
UM372 	Kube Bench made of precast granite grey concrete with grainy finish. May be positioned individually or in groups. Recommended anchoring: free-standing. Data Sheet
VVP034 	Metallic Fence made of steel tube treated with Ferrus, a protective process that guarantees high resistance to corrosion. Data Sheet Certificate
