| Product                                                                                        | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>JAM12</p>  | <p><b>Duloc</b><br/> <b>Structure, Laminated wood:</b> scandinavian laminated pine wood treated in autoclave Class IV. Finished with two layers of Lasur paint. In case of being subjected to bad weather conditions, laminated pine wood can present some tiny cracks on the surface that do not reduce its durability at all. As regards resin and knots, please note that these are part of its natural appearance.</p> <p><a href="#">Data Sheet</a> <a href="#">Certificate</a></p> |
